ABOUT ME

A second-year Computer Science student with a strong interest in full-stack web development and a solid foundation in data structures and algorithms. Experienced in building full-stack applications using the MERN stack and Spring Boot, with a genuine interest in software development and a drive to keep building and shipping more full-stack projects. Actively seeking a software development internship to contribute to real-world projects and learn from experienced engineers.

EDUCATION

Madras Institute of Technology <i>B.E. Computer Science and Engineering, CGPA: 9.44/10</i>	Chennai, Tamil Nadu 2024 – 2028
Venus Matriculation and Higher Secondary School <i>Higher Secondary Education (HSC), Percentage: 97.5%</i>	Chidambaram, Tamil Nadu 2023 – 2024
Williams Matriculation School <i>Secondary School Leaving Certificate (SSLC), Percentage: 97.8%</i>	Chidambaram, Tamil Nadu 2021 – 2022

SKILLS

Languages: Java, C++, JavaScript, Python
Frameworks: React, Node.js, Express.js, Spring Boot
Tools & Platforms: Git & GitHub, VS Code, IntelliJ, Postman
Databases: MongoDB, MySQL

PROJECTS

- QuickFix – Hostel Maintenance Ticket Tracker** | *React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS*
- Built a full-stack MERN web application that digitizes hostel maintenance management, allowing residents to raise tickets and staff to resolve them
 - Implemented JWT-based authentication and an admin dashboard for tracking analytics, sending notifications, and posting announcements
 - Deployed the application on Azure Static Web Apps
- Student Management System** | *Spring Boot, MySQL, Spring Data JPA, Hibernate*
- Developed a Student Management System using Spring Boot and MySQL, implementing RESTful APIs for CRUD operations
 - Used Spring Data JPA and Hibernate for database interaction, following layered architecture (Controller-Service-Repository)
 - Tested APIs thoroughly using Postman
- Bookmark-API** | *Spring Boot, Java*
- Built a RESTful Bookmark API using Spring Boot that allows users to create, view, update, and delete bookmarks
 - Designed the API to categorize bookmarks as videos, articles, or repositories for organized content management

ACHIEVEMENTS & ACTIVITIES

Solved 300+ DSA problems on platforms such as LeetCode and HackerRank, strengthening problem-solving and analytical skills

Active member of the College Hockey Team and won Bronze Medal at the Zonal Level (2025) in Hockey, representing MIT in inter-zonal tournament

Member of National Sports Organisation (NSO)

Consistently ranked among top academic performers, finishing first in 10th grade and in the top 3 in 12th grade
